

# DDCO: The Little Depot

## Think Safety, Work Safely

Always thinking about safety, these direct connect cell phones are also an avenue for enhanced safety. If a member of the DDCO team is injured, no one has to search for a phone to call for help. Once the injury is broadcast, the closest person can respond.

DDCO takes safety very seriously and they have a great record. "DDCO has lost no time to injury," said Brown. "Safety is reinforced every morning. I really believe that being busy helps us maintain an excellent safety record. Keeping our skills fresh keeps us safe. During the 1991 Gulf War when nearly 800 people worked here we also had a great safety record. Everyone knew his job and kept at it."

## All your interest, energy, and enthusiasm . . .

A great doctor once said, "Live neither in the past nor in the future, but let each day's work absorb all your interest, energy, and enthusiasm. The best preparation for tomorrow is to do today's work superbly well."

DDCO, small, efficient, effective, is doing today's work superbly well.
