“The best place to refine your swing is, of course, right out on the practice range....You will have an opportunity to make the same mistakes over and over again so that you no longer have to think about them, and they become part of your game.”

~ Stephen Baker, from How to Play Golf in the Low 120s

“The most exquisitely satisfying act in the world of golf is that of throwing a club. The full backswing, the delayed wrist action, the flowing follow-through, followed by that unique whirring sound, reminiscent only of a passing flock of starlings, are without parallel in sport.”

~ Henry Longhurst
