

# DDC Night with Harrisburg Senators

Defense Distribution Center (DDC) employees crowded the stands of Harrisburg, PA's Riverside Stadium to watch DDC Commander, BG Kathleen Gainey, USA, throw out the first pitch at the Aug 13 Senators vs. Akron Aeros game for "DDC Night with the Senators."

DDC Staff and their families were invited to take an evening to renew old friendships and establish new ones. The event coincided with the DDC Management Conference that included 20 new distribution center commanders and deputies. The result was an excellent turnout and enthralling game. All watched as the Senators entertained their way to an end to their previous three-game losing streak. This clearly is attributable to the General's lucky first pitch!

Not only did staff and Commanders get to witness an action-packed game, attendees also observed a time-honored tradition as CAPT Chris McKelvey, SC, USN, DDC Business Office Director, re-enlisted Navy Petty Officer First Class Roger Drumheller. The crowd sat in silence as CAPT McKelvey proceeded with the Oath of Enlistment. PN1 Drumheller, who was joined by his wife, Lisa, and their two children Daniel and Olivia, will be continuing a career that began 25 July 1995. The evening was truly an event that was a once-in-a lifetime spectacle for many to attend.

*After BG Gainey threw out the first ball, DDC Staff enjoyed the game.*
