

Spotlight on DDDE's Inventory Division

By Debra McBeath, DDDE Supply Specialist

The Inventory Division of Defense Distribution Depot Europe (DDDE) recently recognized key employees.

The DDDE Inventory Division welcomed Angela Stevenson, the new DDDE Deputy of Inventory, who came from Defense Distribution Depot Norfolk, Va. (DDNV), with 27 years of Federal service.

Cheryl Harris was congratulated on her recent promotion to a General Supply Specialist 09 due to her professionalism and extensive expertise.

Gerhard Tischer was selected as the DDC Employee of the Quarter for 4th Quarter of FY03 and is considered one of the top performers in the Inventory Division.

Annette Poth was recognized for her dedication and outstanding performance.

Leonardo Sulit was applauded for his jovial attitude that helps the team get off to a good start each morning.

Diana Davis' hard work and devoted spirit were commended in addition to her ability to seek a win-win solution.

Jeannine Foye was acknowledged for her great work ethic, dedication and focus.

Anna Malcom-Adkins was noted for her great attitude and willingness to help others.

Tischer and Poth were further recognized for their roles in the success of "Project Operation Empty Tents" where more than 2,000 pallets and 61 trailers were moved from the DDDE tent locations into a warehouse. The project was scheduled to take 10 to 12 days to complete, but under the supervision of Poth and Tischer, it only took six days and there were no losses or damages.

"Inventory Accuracy is absolutely critical to DDDE's success," said LTC Douglas Nomura, DDDE Commander. "In November 2003, DDDE had a 100 percent Location Accuracy and Completion Rate, exceeding DLA's goal of 99 percent."
